

**REACT** [Radio Emergency Associated Communications Teams] has been active in the U.S. and several foreign countries in volunteer two-way radio communications for over

35 years. Among other commendations, we have received The President's Volunteer Action Award. We are classified as a 501©(3) non-profit corporation under I.R.S. rules.

## REACT MEMBERSHIP BENEFITS

Crest members receive The REACTer magazine, a bi-monthly publication containing news about REACT activities, developments at the F.C.C., new radio products, highway safety campaign updates and public service information.

## MEMORANDUMS OF UNDERSTANDING

Formal cooperative agreements exist between REACT International Inc. and the American Red Cross, the Salvation Army, National Volunteer Organizations Active in Disasters [NVOAD], and the National Weather Service.

## REACT International

REACT Headquarters is maintained at Suitland, Maryland—just inside the Washington, D.C. beltway. The website is: [www.reactintl.org](http://www.reactintl.org)

## Benefits of Membership in CREST:

- We train you in proper radio use, and make equipment suggestions.
- Use of our GMRS license for REACT communications.
- **FREE** assistance in completing GMRS license application for personal and family use.
- **FREE** use for personal communications on several team-owned or member-owned repeaters providing excellent local coverage from Los Angeles to Palm Springs.
- Membership in the Repeater Users Group [RUG] with many additional repeaters for use outside the local southern California area.
